STUDENT RIGHT TO KNOW INFORMATION DISCLOSURES (34 CFR 668.45)
JULY 1, 2020

The federal ***STUDENT RIGHT TO KNOW ACT*** requires that annually (no later than July 1) institutions of postsecondary education prepare and disseminate information about their graduation rates of full-time, first-time in undergraduate programs leading to a certificate, associate’s or bachelor’s degree. In addition, the institution must also provide information on:

- Graduation rates detailed by gender, by race as defined by the Integrated Postsecondary Education Data System (IPEDS), by Pell Grant beneficiary, by beneficiary of a Direct Loan that did not receive Pell Grant, and by students who did not receive either Pell Grant or Direct Loan,
- Retention rates as reported to the IPEDS,
- Placement rates and types of employment obtained by graduates, and
- Types of graduate and professional education in which graduates of any institution’s four-year degree programs have enrolled.

Source of Placement Rates:

The source of the Placement Rates and Types of Employment provided in the chart above is alumni surveys and Campus Nexus. The calculation of Placement Rates includes students who completed a program or graduated from a program from July 1, 2018 through June 30, 2019 (“Reporting Period”), were available for placement, and were employed on or before November 1, 2019, which is approximately four months after the end of the Reporting Period. The calculation of this rate include students who completed a program or graduated from a program during the Reporting Period and were not available for placement due to pregnancy, death, or other health-related issues; continuing education; active military service; visa restrictions (international students); enrollment in an English as a Second Language (ESL) program or incarceration. Placement is based upon the following classifications: Job Title, Skills Learned and Benefit of the Training.

Placement rates are calculated as follows:

$$\frac{(\text{Placed by job title} + \text{Placed by skills} + \text{Placed by benefit of training})}{((\text{Completers} + \text{Graduates}) - (\text{Not Available for Placement}))} = \text{Placement Percentage}$$

*Source of the Placement Rates for the Associate Degree in Regional and International Cuisine, Diploma in Regional and International Cuisine and, Diploma in International Pastry and Baking programs is provided as defined by the American Culinary Federation Education Foundation Accrediting Commission (ACFEFAC) (*Only for Aguadilla, Bayamón, Caguas, Fajardo, Manatí, Mayagüez, Ponce*):

Job Placement Rate is the percentage of students that are employed in their field of study within nine (9) months of graduation.

For more information about how the placement rates are calculated, please contact Student Affairs and Effectiveness Vice Presidency.
